

Curriculum of Nursery 2024-2025

As per the new academic structure proposed by NEP 2020, the learner of age 3 years will be in nursery. The curriculum of Nursery is multi-faceted, play oriented, discovery-based and experiential. It develops all aspects of the learner's personality. Teachers taught the learner through play pedagogy and theme based integrated approach. The integrated approach covers all the five domains of child development .(Socio and Emotional Development, Language and communication, Cognitive Development, Art and Creativity, Physical Development and Safety.

The following themes will be considered for integrating the learning domains in our school's nursery:

- I, My Self, My Body
- Seasons
- Garden, Plants and Trees
- Helpers around us
- Insects, Animals and Birds
- Food we eat
- Places I visit
- Transport
- Festivals and celebrations
