**Academic Planner for 2022-23**

Students Assessment and Evaluation is based on:

1. Scholastic Activities
- 2 Co-Scholastic Activities

**Scholastic Activities**

Evaluation is an indispensable part of the education process and some form of assessment is necessary to determine the effectiveness of the teaching learning process. One of the main objectives of evaluation at the school stage is to help the learners to improve their achievement in all areas. Scholastic as well as Co-Scholastic. Evaluation system is designed so as to inculcate the habit of regular systematic and methodical work among the students.

**For Classes LKG-II**

Evaluation during 3 to 7 years of age is measured by teachers' ongoing observation over the whole year and not on a single test. Child's progress is compared to his or her previous achievement and not with others. The evaluation is used to diagnose the learning difficulties and inadequacies of the learner. Comprehensive evaluation system is used at the primary stage. Assessment of the child's progress will be recorded and will be shown to the parents after three months ,through a cumulative card.

**CLASS LKG-II Schedule:**

1st Assessment– April to August '2022

2nd Assessment-September to December '2022
